

REPUBLIC OF KENYA

THIRTEENTH PARLIAMENT – SECOND SESSION

THE NATIONAL ASSEMBLY

VOTES AND PROCEEDINGS

TUESDAY, JUNE 20, 2023

1. The House assembled at thirty minutes past Two O'clock.
2. The Proceedings were opened with Prayer.
3. **Presiding** – the Honourable Speaker.

4. **COMMUNICATIONS FROM THE CHAIR**

The Hon. Speaker conveyed the following Communications from the Chair –

(i) Consideration of the Privatisation Bill (National Assembly Bill No. 22 of 2023)

“Honourable Members, you will recall that during the afternoon sitting of Tuesday, 13th June, 2023 the Minority Whip, the Hon. Junet Mohammed, CBS, MP rose on a Point of Order and sought the indulgence of the Chair on the manner in which the Privatisation Bill (National Assembly Bill No. 22 of 2023), should be considered by the Committees of the House. The Honourable Minority Whip was of the view that the public participation to be conducted on the Bill, which I referred to the Departmental Committee on Finance and National Planning, ought to be done jointly with the Public Debt and Privatisation Committee. I did undertake to provide a considered ruling on the matter.

Honourable Members, the Privatisation Bill (National Assembly Bill No. 22 of 2023) was published on 24th May 2023 and is sponsored by the Leader of the Majority Party, the Hon. Kimani Ichung’wah, MGH, MP. The principal objective of the Bill is to provide a revised regulatory framework for privatisation of public entities to improve the efficiency and competitiveness of Kenya’s productive resources. The Bill further seeks to provide for the coordination and oversight of privatisation matters.

Standing Order 216 establishes the Departmental Committees of the House and assigns them specific functions. Paragraph 5(c) of the Standing Order expressly provides that a Departmental Committee “*shall study and review all legislation referred to it.*”

Additionally, Honourable Members, Standing Order 127(1) provides that a Bill, having been read a First Time, shall stand committed to the relevant Departmental Committee. As such, Standing Order 127

as read together with Standing Order 216(5) requires the committal of a Bill for scrutiny and conduct of public participation to a Departmental Committee by default. This is, primarily, informed by the sector-specific and subject matter mandate assigned to each

Departmental Committee by Standing Order 216(5)(c) and the Second Schedule to the Standing Orders.

Nevertheless, Honourable Members, the House has established exceptions to this Rule through precedent and practice. The Speaker has referred Bills to select committees of the House for scrutiny in specific instances. A case in point is the practice of the House of referring any proposal to amend the National Government Constituencies Development Fund (NGCDF) to the select committee on NGCDF. The decision is informed by the specialized mandate and functions assigned to the select committee and the unique background and content of the proposals in the Bill.

Indeed, Honourable Members will recall that at the beginning of this Thirteenth Parliament, I did refer the Statutory Instruments (Amendment) Bill, 2022; the Parliamentary Powers and Privileges (Amendment) Bill, 2022; the Petitions to Parliament (Procedure) (Amendment) Bill, 2022, and the Public Finance Management (Amendment) Bill, 2022, which are sponsored by the Deputy Speaker, the Honourable Gladys Boss, MGH, MP to the Procedure and House Rules Committee owing to their unique background. The four (4) Bills all sought to implement various recommendations made during the review of the Standing Orders at the tail end of the 12th Parliament.

Similarly, Honourable Members, I recently referred the Public Finance Management (Amendment) Bill (National Assembly Bill No. 16 of 2023) sponsored by the Leader of the Majority Party to the Public Debt and Privatization Committee. Ordinarily, any amendment to the Public Finance Management Act falls squarely within the mandate of the Departmental Committee on Finance and National Planning.

In that case, the referral to the Public Debt committee was informed by the contents of the Bill which seek to operationalize the framework for monitoring the level of public debt. You will agree with me that the House would greatly benefit from a scrutiny of the Bill by a Committee that specifically deals with the issue of debt.

Honourable Members, The Second Schedule to the Standing Order outlines the subject matter mandates of Departmental Committees. The Schedule outlines the subjects falling under the mandate of the Departmental Committee on Finance and National Planning, Committee as *Public finance, public audit policies, monetary policies, financial institutions (excluding those in securities exchange), economy, investment policies, competition, banking, insurance, national statistics, population, revenue policies including taxation, national planning and development, digital finance, including digital currency.*

The mandate of the Committee is sector-wide and allows it to exhaustively consider finance-related matters, including legislation.

On the other hand, Standing Order 207A establishes and outlines the functions the Public Debt and Privatization Committee. Paragraph (2)(f) mandates the Committee to *oversight the privatization of national assets.* The mandate of the Public Debt

Committee with regard to privatization is narrower when compared to the mandate of the Departmental Committee. Whereas the Departmental Committee is mandated to consider all aspects relating to public investments, the Public Debt Committee is only mandated to oversight any proposed plan to privatize national assets.

Pursuant to the provisions of Standing Order 127(1) as read together with Standing Order 216(5)(c), I am of the view that consideration of the Privatisation Bill (National

Assembly Bill No. 22 of 2023) and facilitation of public participation on the Bill falls squarely and exclusively within the mandate of the Departmental Committee on Finance and National Planning.

Standing Order 127(3) allows a committee to which a Bill is referred to consult experts on technical subjects while facilitating public participation. I urge the Departmental Committee on Finance and National Planning to invoke this provision, extend an invitation to their counterparts, and consider their technical input as part of the public participation exercise on the Bill.

In conclusion, I guide as follows—

- (1) THAT, Standing Order 127 as read together with Standing Order 216(5) requires the committal of a Bill for scrutiny and conduct of public participation to a Departmental Committee by default.
- (2) THAT, As an exception to the Rule in (1) above, the House has referred certain Bills to select Committees on account of the specialized mandate and functions assigned to the select committee and the unique background and content of the proposals in the Bill. This informed the recent referral of the Public Finance Management (Amendment) Bill (National Assembly Bills No. 16 of 2023) to the Public Debt and Privatization Committee.
- (3) THAT, Pursuant to the provisions of Standing Order 127(1) as read together with Standing Order 216(5)(c) consideration of the Privatisation Bill (National Assembly Bill No. 22 of 2023) and facilitation of public participation on the Bill falls squarely and exclusively within the mandate of the Departmental Committee on Finance and National Planning.
- (4) THAT, in its consideration of the Privatisation Bill (National Assembly Bill No. 22 of 2023), the Departmental Committee on Finance and National Planning is at liberty to invoke the provisions of Standing Order 127(3) and invite the Public Debt and Privatization Committee to share any technical input it may have on the Bill as part of the public participation exercise on the Bill. The House is accordingly guided.”

(ii) Recognition of a Delegation from the National Assembly of the Republic of South Africa

“Honourable Members, I wish to introduce to you a delegation from the National Assembly of the Republic of South Africa who are seated in the Speaker’s Gallery. The delegation comprises Members of the Chief Whip’s Forum. They are:

(iii) The Manner of Introduction, Consideration, and Passage of a Finance Bill

“**Honourable members**, you will recall that during the afternoon sitting of Thursday, 15th June, 2023 before the public pronouncement of Budget Policy highlights by the Cabinet Secretary for the National Treasury, the Member for Rarienda, the Hon. Otiende Amollo, MP rose on a Point of Order and sought procedural guidance on adherence to Standing Order 244C with regard to the introduction, consideration and passage of the Finance Bill, 2023 by the House.

It was the contention by the Honourable Member Standing Order 244C outlines a particular order requiring the Cabinet Secretary for the National Treasury to make a pronouncement of the budget policy highlights and revenue raising measures for the national government and thereafter present a legislative proposal which is published and introduced as a Finance Bill.

According to the Member, a strict reading of Standing Order 244C would therefore indicate that the House had jumped the gun by concluding the 2nd Reading of the Finance Bill before the appearance of the Cabinet Secretary for the National Treasury.

Honourable Members, at the time, I did indicate to the Hon. Otiende Amollo that Standing Order 244C had been rendered nugatory by a Court decision and offered to share the relevant judgment after the sitting.

Honourable Members, Following the Budget Presentation by the Cabinet Secretary for the National Treasury and Economic Planning, I did receive inquiries and representations from several Members of the House relating to the matter raised by the Honourable Member for Rarienda. Given this turn of events, I have decided to issue this particular guidance to the House.

Honourable Members, from the inquiries and representations received, I have isolated two issues in relation to the consideration of the Finance Bill that require clarification. These are—

- (1) The effect of the Court Judgment alluded to in my response to the Hon. Otiende Amollo, to the manner of considering and passing of a Finance Bill;
- (2) The procedure applicable to the consideration of a Finance Bill in light of the provisions of section 39A and 40 of the Public Finance Management Act, 2012 and Standing Order 244C; and
- (3) The effect of the presentation of the Budget Statement on the consideration of a Finance Bill.

With regard to the First Issue, the Court Judgement that I alluded to relates to a matter filed the Hon. Senator Okiya Omtatah challenging the constitutionality of the Provisional Collection of Taxes and Duties Act. As per the practice obtaining in 2018, the Cabinet Secretary for the National Treasury would submit a Finance Bill after the passage of the Budget Estimates and on the same day that he or she made a Budget Speech in Parliament.

Pursuant to the then Standing Order 245, the House was required to pass a Finance Bill within ninety (90) days of the passage of an Appropriation Bill.

In the interim, the House would consider and pass a Motion operationalizing all the revenue raising measures proposed in a Finance Bill for the period between its publication and its passage in line with the Provisional Collection of Taxes and Duties Act, 1959.

A point of Order raised by the Member for Ruaraka, the Hon. Tom Joseph Kajwang', MP during the afternoon sitting of the House on 5th July, 2018 may have precipitated the matter filed by the Honourable Senator. At the time, the Hon. Kajwang' queried the propriety of operationalizing all the revenue raising measures proposed in a Finance Bill in line with the Provisional Collection of Taxes and Duties Act, 1959 in light of the provisions of the Constitution and the Public Finance Management Act, 2012.

The *Hansard* records that several current Members of the House ventilated on the point raised by the Hon. Kajwang', including the Majority Leader, the Hon. Kimani Ichung'wah, MGH, MP, the Hon. John Mbadi and the Hon. Makali Mulu, MP.

The High Court issued its judgment in *Okiya Omtatah Okioti v Cabinet Secretary, National Treasury & 3 others* [2018] eKLR on 19th September, 2018 and gave the following Orders, and I quote,—

- (1) *A declaration that by presenting the Finance Bill 2018 to the National Assembly on 14th June 2018, while the financial calendar ends on 30th June 2018, the Cabinet Secretary violated Section 37 of the Public Finance Management Act, 2012 which sets the 30th April deadline for the Cabinet Secretary to table the budget estimates and any other Bills required to implement the national government budget for approval by the National Assembly.*
- (2) *A declaration that the Provisional Collection of Taxes and Duties Act No.44 of 1959 (Chapter 415 of the Laws of Kenya) is unconstitutional and, therefore, invalid, null and void.*
- (3) *A declaration that the Finance Bill 2018, or any parts or provisions thereof, including on taxation, cannot be implemented before the Bill becomes the Finance Act after it goes through the parliamentary legislative process laid out in the Constitution for approval and adoption by Parliament, and assent by the President.*

Arising from these orders of the Court, and ostensibly informed by the debate that ensued on the point raised on the propriety of approving provisional collection of taxes and duties, the House subsequently amended the Public Finance Management Act in July 2019 through the Statute Law (Miscellaneous Amendments) Act, 2019 to introduce section 39A into the Act.

The section requires the Cabinet Secretary to submit the Finance Bill before 30th April every year and that it be passed before the end of the financial year on 30th June. The section clarified the manner in which a Finance Bill ought to be introduced, considered and passed by the House. It provides follows, and I quote,—

- (1) *The Cabinet Secretary shall submit to the National Assembly, on or before 30th April, the Finance Bill setting out the revenue raising measures for the National Government.*

(2) Following submission of the Finance Bill by the Cabinet Secretary, the relevant committee of the National Assembly shall introduce the Bill in the National Assembly.

(3) The National Assembly shall consider and pass the Finance Bill, with or without amendments, in time for it to be presented for assent by 30th June each year.

(4) Any recommendations made by the relevant committee of the National Assembly or resolution passed by the National Assembly on revenue matters shall—

(a) ensure that the total amount of revenue raised is consistent with the approved fiscal framework;

(b) take into account the principles of equity, certainty and ease of collection;

(c) consider the impact of the proposed changes on the composition of the tax revenue with reference to direct and indirect taxes;

(d) consider domestic, regional and international tax trends;

(e) consider the impact on development, investment, employment and economic growth;

(f) take into account the recommendations of the Cabinet Secretary as provided under Article 114 of the Constitution; and

(g) take into account the taxation and other tariff arrangements and obligations that Kenya has ratified, including taxation and tariff arrangements under the East African Community Treaty.

This leads us to the second issue of an apparent variance in the provisions of Standing Order 244C and the dictates of the Judgment and the provisions of the Public Finance Management Act, 2012.

Honourable Members As I had indicated, my attention was drawn to the existence of an apparent variance in the provisions of Section 39A and section 40 of the Public Finance Management Act, 2012 with regard to the manner of introduction and consideration of a Finance Bill. Section 40 of the Act provides as follows—

(1) Each financial year, the Cabinet Secretary shall, with the approval of Cabinet, make a public pronouncement of the budget policy highlights and revenue raising measures for the national government.

(2) In making the pronouncement under subsection (1), the Cabinet Secretary shall take into account any regional or international agreements that Kenya has ratified, including the East African Community Treaty and where such agreements prescribe the date when the budget policy highlights and revenue raising measures are to be pronounced, the Cabinet Secretary shall ensure that the measures are pronounced on the appointed date.

(3) On the same date that the budget policy highlights and revenue raising measures are pronounced, the Cabinet Secretary shall submit to Parliament a legislative proposal, setting out the revenue raising measures for the national government, together with a policy statement expounding on those measures.

(4) Following the submission of the legislative proposal of the Cabinet Secretary, the relevant committee of the National Assembly shall introduce a Finance bill in the National Assembly.

(5) *Any of the recommendations made by the relevant committee of the National Assembly or adopted by the National Assembly on revenue matters shall—*

(a) *ensure that the total amount of revenue raised is consistent with the approved fiscal framework and the Division of Revenue Act;*

(b) *take into account the principles of equity, certainty and ease of collection;*

(c) *consider the impact of the proposed changes on the composition of the tax revenue with reference to the direct and indirect taxes;*

(d) *consider domestic, regional and international tax trends;*

(e) *consider the impact on development, investment, employment and economic growth;*

(f) *take into account the recommendations of the Cabinet Secretary as provided under Article 114 of the Constitution; and*

(g) *take into account the taxation and other tariff agreements and obligations that Kenya has ratified, including taxation and tariff agreements under the East African Community Treaty.*

(6) *The recommendations of the Cabinet Secretary in subsection (5)(f) shall be included in the report and tabled in the National Assembly.*

A plain reading of section 40(3) and 40(4) of the Act indicates that the Cabinet Secretary for the National Treasury and Economic Planning is required to submit a legislative proposal setting out the revenue raising measures for the national government on the same day that he or she makes a pronouncement on the budget policy highlights and revenue raising measures. This would seem to be at variance with the express obligation under the more recent section 39A which requires the Cabinet Secretary to submit a Finance Bill to the House not later than 30th April, every year in compliance with the Orders of the Court in *Okiya Omtatah Okoiti v Cabinet Secretary, National Treasury & 3 others* [2018] eKLR.

In my view, a purposive interpretation to bridge the apparent conflict between the two provisions requires the application of established principles of statutory interpretation and reference to the practice, precedent and conduct of the Cabinet Secretary and House since the Court Judgement was issued.

Honourable Members, It is a canon of statutory interpretation that when faced with conflicting provisions, preference must be given to a specific provision as opposed to a general provision. Additionally, the Last-in-time principle, where the most recent addition to a statute is given precedence over a provision that was enacted earlier, should be applied.

From my reading of Section 39A and section 40(3) and (4), It is noteworthy that Section 39A specifically refers to the introduction, consideration and passage of a “*Finance Bill*”. On the Other hand, the provisions of section 40(3) and (4) only generally refer to “*a legislative proposal*”. Additionally, section 39A is the most recent addition to the Act and represents the most specific and current position of the House on the manner of consideration of a Finance Bill.

Honourable Members, the practice and conduct of the Cabinet Secretary and the House since the decision in *Okiya Omtatah Okoiti v Cabinet Secretary, National Treasury & 3 others* [2018] eKLR and the amendment of the Public Finance Management Act, 2012

has been consistent. Notably, in 2020, the Cabinet Secretary submitted the Finance Bill together with the Budget Estimates on 30th April, 2020. The Bill was published on 5th May, 2020 and was considered and passed by the House on 23rd June 2020. It was assented to by the President on 30th June, 2020. The Cabinet Secretary presented the Budget Statement for FY 20/21 on 11th June 2020, well after the publication of the Bill.

In 2021, the Cabinet Secretary submitted the Finance Bill together with the Budget Estimates on 29th April, 2021. The Bill was published on 5th May, 2021 and was considered and passed by the House on 24th June 2021.

The particular Bill was assented to by the President on 29th June, 2021. The Cabinet Secretary presented the Budget Statement for FY 21/22 on 10th June 2021, well after the publication of the Bill.

In 2022, on account of the general elections scheduled for August 2022, the Cabinet Secretary submitted the Finance Bill together with the Budget Estimates on 7th April, 2022. This was on the same date that he presented the Budget Statement to the House. The Bill was published on 8th April, 2022 and was considered and passed by the House on 7th June 2022. In keeping with the provisions of Section 39A of the PFM Act, 2012 and the new court judgement, the Finance Bill, 2022 was assented to by the President on 21st June, 2022.

Honourable Members, From the foregoing, it is clearly apparent that the Cabinet Secretary and the House have adhered to the letter of the Orders of the Court in *Okuya Omtatah Okoiti v Cabinet Secretary, National Treasury & 3 others* [2018] eKLR and section 39A of the Public Finance Management Act, 2012. This clearly signifies that section 39A of the Public Finance Act, 2012 is the operative provision with regard to the introduction, consideration and passage of a Finance Bill.

Honourable Members, The Third Issue was with regard to the effect of the presentation of the Budget Statement on the consideration of a Finance Bill. Section 40 of the Public Finance Management, 2012 requires the Cabinet Secretary to make a public pronouncement of the budget policy highlights and revenue raising measures for the national government.

In doing so, the Cabinet Secretary is required to take into account international obligations entered into under the East African Community Treaty.

The House is aware that the EAC partner States have agreed to present and table their budget statements to their respective parliaments every second Thursday of June. It is largely a ceremonial exercise which, particularly in our case, does not take away that all documentation relating to the Budget is required to be submitted well in advance of the presentation of the Budget Statement. Indeed, as Members are aware, no question or comment is permitted during the presentation of the Statement.

As a budget-making House, we are seized of the Estimates and the Finance Bill latest the 30th of April every year. Save for compliance with applicable statutory timelines, the House is left to its own devices on how to consider the Budget documents submitted to it. The House is under an obligation to prioritize the consideration of a Finance Bill with a view of passing it before the lapse of the June 30th deadline imposed by section 39A of the Public Finance Management Act, 2012.

It should not be lost to Hon. Members that the procedures of the House cannot be left to the whim of another arm of government. The House is therefore at liberty to prioritize

consideration of a Finance Bill before or after the presentation of the Budget Statement by the Cabinet Secretary for the National Treasury.

As I conclude I note that the variance in the Sections 39A and 40(3) and (4) of the Public Finance Management Act extends to Standing Order 244C which I gave rise to the point raised by the Member for Rarieda, The Hon. Otiende Amollo, EBS, SC, MP. The Standing Order does not take into account provisions of section 39A and the requirement for the submission and passage of the Finance Bill before the 30th of April and the 30th of June, respectively, every year.

Honourable Members, Having guided that Section 39A is the operative provision with regard to the consideration of a Finance Bill, I direct the Procedure and House Rules Committee to note the variance and include the Standing Order in the items earmarked for review when it next proposes amendments to the Standing Orders.

In summary, therefore, my guidance is as follows—

- (1) THAT, Section 39A of the Public Finance Act, 2012 requires the Cabinet Secretary for the National Treasury to submit the Finance Bill before 30th April every year and that the Bill be passed before the end of the financial year on 30th June. The section governs the manner in which a Finance Bill ought to be introduced, considered and passed by the House.
- (2) THAT, It is a canon of statutory interpretation that when faced with conflicting provisions, preference must be given to a specific provision as opposed to a general provision. Additionally, the Last-in-time principle, where the most recent addition to a statute is given precedence over a provision that was enacted earlier, should be applied. Section 39A of the public Finance Management Act, 2012 specifically refers to the introduction, consideration and passage of a “*Finance Bill*” and represents the most specific and current position of the House on the manner of consideration of a Finance Bill.
- (3) THAT, The Cabinet Secretary and the House have consistently adhered to the Orders of the Court in *Okiya Omtatah Okoiti v Cabinet Secretary, National Treasury & 3 others* [2018] eKLR and section 39A of the Public Finance Management Act, 2012. This clearly signifies that section 39A of the Public Finance Act, 2012 is the operative provision with regard to the introduction, consideration and passage of a Finance Bill.
- (4) THAT, The House is under an obligation to prioritize the consideration of a Finance Bill with a view of passing it before the lapse of the June 30th deadline imposed by section 39A of the Public Finance Management Act, 2012. The House is therefore at liberty to prioritize consideration of a Finance Bill before or after the presentation of a Budget Statement by the Cabinet Secretary for the National Treasury.
- (5) THAT, The Procedure and House Rules Committee notes the variance between Standing Order 244C and section 39A of the Public Finance Management Act and include the Standing Order in the items earmarked for review when it next proposes amendments to the Standing Orders.

The House is accordingly guided. I Thank You!”

5. MESSAGES

Owing to the urgency of the two Bills, I urge the Committee to prioritize the Bill in its agenda and Report to the House as soon as practicable. The reports shall guide the House with respect to the next stages and prioritization of the two Bills. The House is accordingly guided. I thank you!"

14. GUIDE ON CONSIDERATION OF PROPOSED AMENDMENTS TO THE FINANCE BILL (NATIONAL ASSEMBLY BILL NO. 14 OF 2023)

“Honourable Members,

This Communication relates to the business appearing under Order 14 in today’s Supplementary Order Paper, Tuesday 20th June 2023, being Committee of the whole House on the Finance Bill (National Assembly Bill No. 14 of 2023). Before the House proceeds with the Committee of the Whole House, I wish to provide guidance relating to consideration of the proposed amendments at the Committee of the whole House.

Honourable Members, you may recall that on Thursday, 15th June 2023, after conclusion of Second Reading of the said Bill, I did notify the House that, Members desirous of proposing amendments to the Finance Bill, 2023, were at liberty to submit their amendments to the Clerk in the manner provided for in the Standing Orders.

Honourable Members, Standing Order 133 (*Procedure in Committee of the whole House on a Bill*) provides as follows with respect to submission of amendments on Bills –

*“(2) No amendment shall be moved to any part of a Bill by any Member, other than the Member in charge of the Bill, **unless written notification of the amendment shall have been given to the Clerk twenty-four hours before the commencement of the sitting** at which that part of the Bill is to be considered in Committee”*

In this regard, Honourable Members, at the close of the timeline prescribed in Standing Order 133(2), the Clerk had received several proposed amendments to the said Bill, originating from the Departmental Committee on Finance and National Planning, other select committees and individual Members. Indeed, as you may have observed, the Notices annexed to today’s Order Paper contain several amendments that have been proposed to the said Bill.

For certainty, Honourable Members, other than the Departmental Committee on Finance and National Planning, the following Chairpersons of Committees and individual Members have proposed amendments–

- (i) The Chairperson, Select Committee on Delegated Legislation;
- (ii) The Chairperson, Departmental Committee on Blue Economy, Water and Irrigation;
- (iii) The Chairperson, Departmental Committee on Transport and Infrastructure;
- (iv) The Hon. Samuel Atandi, MP;
- (v) The Hon. Didmus Barasa, MP;
- (vi) The Hon. John Waluke, MP;
- (vii) The Hon. (Dr.) Oundo Ojiambo, MP,
- (viii) The Hon. Lesuuda Naisula, MP;
- (ix) The Hon. Mohamed Daudi, MP;
- (x) The Hon. Jared Okello, MP;
- (xi) The Hon. Caleb Amisi, MP;
- (xii) The Hon. (Dr.) James Nyikal, MP;
- (xiii) The Hon. (Dr.) Makali Mulu, MP;
- (xiv) The Hon. Anthony Oluoch, MP;
- (xv) The Hon. Innocent Mugabe, MP;
- (xvi) The Hon. Wanami Wamboka, MP;
- (xvii) The Hon. Peter Kaluma, MP;
- (xviii) The Hon. Majimbo Kalasinga, MP;
- (xix) The Hon. Robert Mbui, CBS, MP;
- (xx) The Hon. Caleb Mutiso, MP; and
- (xxi) The Hon. Geoffrey Ruku, MP.

Honourable Members, as you may be aware, it is now an established practice under the Constitution that, when considering any matter that has a financial implication on public funds, the House is bound by the provisions of Article 114(2) of the Constitution.

For clarity, Article 114(2) of the Constitution provides and I quote –

“If, in the opinion of the Speaker of the National Assembly, a motion makes provisions for a matter listed in the definition of ‘a money Bill’, the Assembly may proceed only in accordance with the recommendation of the relevant Committee after taking into account the views of the Cabinet Secretary responsible for Finance.”

Honourable Members, under Clause (3) of Article 114, a “money Bill” includes matters that contain provisions dealing with, *inter alia*, **taxation**; the imposition of charges on a public fund; the appropriation, receipt, custody, investment or issue of public money; and, the raising and guaranteeing of any loan or its repayment. In this regard, a Finance Bill, being one that deals with taxation is clearly a money Bill.

Therefore, consideration of the Finance Bill, 2023 squarely falls within the confines of Article 114 of the Constitution and other provisions relating to processing of legislation in the

House. The provisions of Article 114 of the Constitution are also anchored in section 39A of the Public Finance Management Act, 2012, which state in part, and I quote,—
“39A. *Submission, consideration and passing of Finance Bill*

(4) Any recommendations made by the relevant committee of the National Assembly or resolution passed by the National Assembly on revenue matters shall —

(a) ...

(b) ...

*(c) consider the impact of the proposed changes on the composition of the **tax revenue** with reference to direct and indirect taxes;*

(d) consider domestic, regional and international tax trends;

(e) consider the impact on development, investment, employment and economic growth;

(f) take into account the recommendations of the Cabinet Secretary as provided under Article 114 of the Constitution; and,

(g) take into account the taxation and other tariff arrangements and obligations that Kenya has ratified, including taxation and tariff arrangements under the East African Community Treaty.”

Additionally, Honourable Members, Standing Order 133(5) provides that –

“No amendment shall be permitted to be moved if the amendment deals with a different subject or proposes to unreasonably or unduly expand the subject of the Bill, or is not appropriate or is not in logical sequence to the subject matter of the Bill.”

In this regard, I have analysed the amendments proposed to the Finance Bill, 2023, and noted that some contain proposals touching on matters listed in the definition of a ‘Money Bill’ pursuant to the provisions of Article 114(2) of the Constitution. For the record, the amendments proposed by Departmental Committee on Finance and National Planning are not part of those that I have isolated for guidance as they were processed in the manner contemplated in Article 114 of the Constitution.

Having applied my mind on various proposed amendments, I have determined that certain amendments are either similar to or they are fully accommodated by those proposed by Departmental Committee on Finance and National Planning. **In this regard, such amendments will be proceeded with in the Committee of the Whole House.**

On the other hand, Honourable Members, there are proposed amendments that in my opinion, fall within the meaning of a ‘Money Bill’ in terms of Article 114 of the Constitution. As you may have clearly noticed in the Order Paper, I directed the Clerk to publish such amendments with a disclaimer “*subject to provision of Article 114 of the Constitution*” placed under each of the affected amendments.

As stated earlier, Honourable Members, whenever a motion or proposed amendments to is subjected to Article 114 of the Constitution, it is expected that such proposal may only be proceeded with if there is concurrence of the National Treasury through the Departmental Committee on Finance and National Planning. In the absence of evidence that the affected amendments were processed in the manner contemplated in Article 114 of the Constitution, the **Speaker is left with no option but to direct that the Committee of the House shall not consider any of amendments or parts of amendments that have been published in the Order Paper with a disclaimer.**

Consequently, Members should note that a Member seeking to delete a clause need not have an amendment proposing the deletion of a clause. This is because a Member is only required to rise and oppose a clause as published in the Bill. This effectively enables any Member to prosecute his or her opposition to a Clause, despite the requirements of Article 114 of the

Constitution. Further, Honourable Members, I hasten to inform the House that all proposed amendments for which the requirements of Article 114 of the Constitution do not apply are annexed in the Order Paper.

Honourable Members, a number of proposed amendments have since been received from three members, namely, the Hon. Joshua Kandie, MP, the Hon. George Sunkuyia, MP and the Hon. Basil Ngui, MP, outside the time provided for in the Standing Orders. For clarity, Standing Order 133(2), provides as follows—

*“133(2) No amendment shall be moved to any part of a Bill by any Member, other than the Member in charge of the Bill, unless written notification of the amendment shall have been given to the **Clerk twenty-four hours before the commencement of the sitting** at which that part of the Bill is to be considered in Committee”*

The House will therefore note that the proposed amendments are time-barred. However, I note that some of the amendments have been incorporated in the amendments proposed by the Committee on Finance.

Honourable Members, I give this direction with full consciousness that the intention of Article 114 of the Constitution is not to curtail the legislative mandate of the House. The Article merely seeks to ensure that, in as much as this House reserves the power to determine revenue raising measures, it does not commit the Executive without taking cognizance of the fiscal policy and considerations of the National Government.

The House is accordingly guided. I thank you!”
