11*. MOTION: 019/2023 – POLICY FOR THE PROVISION OF MENTAL HEALTH SERVICES IN ALL HEALTHCARE FACILITIES

(The Hon. Mishi Mboko, M.P.)

THAT, aware that Article 43(1)(a) of the Constitution provides that every person has the right to the highest attainable standard of health including the right to health care services; further aware that mental health is a key determinant of overall health and socio-economic development; recognizing that the Constitution assigns to the national government the responsibility of matters of health policy; concerned that according to the World Health Organization (WHO), mental and neurological disorders are common and about ten (10) percent of the global population suffer from at least one mental health disorder at any given time; concerned that psychiatric units are only available in a few facilities in the country and patients requiring psychiatric services have limited or no access to these facilities; acknowledging that, access to healthcare facilities would lead to improved overall health, increased economic productivity, social equity and improved quality of life for all; now therefore, this House **urges** the national government, through the Ministry of Health to collaborate with county governments to develop a policy integrating mental healthcare services in all healthcare facilities in the country.

12*. THE MUNG BEANS BILL (SENATE BILL NO. 13 OF 2022)

(The Hon. Paul Nzengu, M.P. – *Co-sponsor*)

Second Reading

13*. MOTION: 024/2023 – POLICY AND FUNDING FOR SUGARCANE FARMING IN THE COUNTRY

(The Hon. Peter Nabalindo, M.P.)

THAT, aware that, commercial sugarcane production in Kenya was introduced in the early years of independence with an aim of eliminating dependence on sugar importation and contributing to economic transformation in the sugar belt and the country at large through agriculture; acknowledging that, at its pinnacle, the sugar industry significantly contributed to the country's National Gross Domestic Product (GDP) and became one of the largest employers which supported livelihoods of many Kenyans both directly and indirectly; concerned that, over the last 25 years, sugarcane farming particularly in Western Kenya has been declining significantly, thereby dipping sugar production from over 600,000 metric tonnes per year in the 1990s to less than 300,000 metric tonnes in recent years; noting that, the decline in sugarcane farming has forced local millers to operate far below their milling capacities and pushed the country to over-rely on net importation of sugar, which negatively impacts on the balance of trade; noting that, the decline in sugar production is attributable to factors such as mismanagement, interference and unfair competition from cheap imported sugar; further concerned that, state-owned sugar millers like Mumias Sugar Company and Nzoia Sugar Company ceased milling while owing farmers hundreds of millions of shillings; appreciating that, the Government has been putting in place strategies, policies and regulations to define roles of millers

...../13*(Cont'd)

and major players and stakeholders in the sugar industry in a bid to revamp the sector; concerned that, the acute shortage of sugarcane resulting from mass abandonment of sugarcane farming continues to roll back initiatives for reviving sugar milling; recognizing that, further investment in revamping sugar companies before reviving sugarcane farming would occasion loss of the invested public funds instead of yielding success; now therefore, this House **resolves** that, the National Government, through the Ministry of Agriculture and Livestock Development, reviews the sugar development policies to provide that every investor-miller sets aside definite funds for development of sugarcane farming, incentivizing farmers to embrace sugarcane growing and to enhance cane production in each of the respective zones.

14*. MOTION: 026/2023 – NATIONAL SENSITIZATION AND SUPPORT FOR COMBATING SICKLE CELL AND HAEMOPHILIA DISEASES
(The Hon. Peter Nabalindo, M.P.)

THAT, aware that Article 43(1) of the Constitution entitles every person to the right to the highest attainable standard of health, which includes the right to health care services; further aware that, every year, an estimated 14,000 children born in Kenya suffer from sickle cell and haemophilia diseases, with the highest prevalence rate being within Western, Nyanza and Coastal Regions; concerned that, failure to undertake sickle cell and haemophilia screening at birth hinders timely administration of appropriate treatment and other mitigation measures to forestall high infant mortality caused by preventable diseases like malaria; cognizant that, national population surveys does not include data on sickle cell and haemophilia diseases; concerned that, the dearth of data and information negatively hinders prioritization of resources and implementation of sickle cell disease management programs; recognizing that, the number infant deaths caused by the disease continues to grow as a result of underfunding due to lack of data on the number of cases of the killer disease; now therefore, this House **resolves** that the National Government, through the Ministry of Health, and in conjunction with county governments –

- (a) conducts awareness and sensitization programmes on sickle cell and haemophilia diseases and supports research and training for medical personnel on the two diseases; and
- (b) puts in place measures for mandatory screening of newborns sickle cell and haemophilia diseases in all public health facilities in the country in order to create a database to guide funding and other interventions aimed at curbing the diseases and reducing infant mortalities resulting from the diseases.

15*. MOTION: 028/2023 – ESTABLISHMENT OF A SCIENCE MUSEUM
(The Hon. John Kiarie, M.P.)

THAT, aware that, Article 11(2)(b) of the Constitution provides that the government shall recognize the role of science and indigenous technologies in the development of the nation; further aware that the Vision 2030 provides for the integration of information, communication and technology in the country's transformative agenda; concerned that, there exists no science museum for consolidating indigenous scientific and technological innovations, training and

...../15*(Cont'd)

research purposes in the East Africa Region; appreciating that, integration of science and technology would greatly enhance Kenya's economic and societal success; noting that there is potential for growth in the technology sector by establishing a science museum; further noting that, the informal science education plays a key role in the progression of Science, Technology, Engineering and Mathematics (STEM); acknowledging that science museums operate as the nexus between science practitioners, policy-makers and the public; cognizant of the fact that, a science museum in the country would greatly impact on the economy of the country in the quest to become an industrialized nation; now therefore, this House **resolves** that, the national Government through the relevant Ministries establishes and operationalizes a science museum in the country.

16*. MOTION: 033/2023 – SUPPORTING AND PROMOTING LOCAL FERTILIZER MANUFACTURING INDUSTRIES

(The Hon. Samuel Atandi, M.P.)

THAT, aware that, the Fertilizer and Animal Foodstuff Act, 2015 provides for the regulation of fertilizer importation in the country; further aware that, the Fertilizer and Animal Foodstuffs Board regulates the fertilizer and animal foodstuffs industry including the manufacture and production of fertilizers; noting that, the country currently relies heavily on imported fertilizer due to inadequate local production capacity; further noting that, the low local production leads to high costs for farmers, reducing their profits and results in an unhealthy reliance on imported fertilizer; concerned that, this scenario threatens the country's food security in case of supply disruptions and discourages local production; recognizing that local fertilizer production could lead to improved fertilizer quality, increased crop yields and a reduction in environmental harm caused by the use of substandard fertilizers; recalling that the country has the potential to produce fertilizer that could meet the country's domestic demand and also supply the regional market; further recognizing that there is need for the government to work with local producers to develop high quality fertilizer tailored to the needs of Kenyan farmers and crops; now therefore this House **resolves** that the National Government through the Ministry of Agriculture and Livestock Development, supports and promotes local fertilizer manufacturing industries by investing in research and development to bolster the domestic fertilizer manufacturing sector.

17*. MOTION: 035/2023 – GOVERNMENT-TO-GOVERNMENT (G2G) MODEL TO ACQUIRE AND SUPPLY FERTILIZERS TO FARMERS AT SUBSIDIZED COST

(The Hon. Geoffrey Ruku, M.P.)

THAT, aware that, Kenya is an agricultural-based economy with a significant portion of its population relying on farming for their livelihood; noting that, the quality and quantity of crop yields in Kenya has been hampered to a large extent by lack of adequate and quality fertilizers leading to decreased agricultural

productivity and economic losses; further noting that, the government has committed to improving agricultural productivity through various initiatives including provision of subsidized fertilizers; concerned that the cost, quantity and quality of fertilizers and subsequently the cost of production of food crops and cash crops including coffee, tea and Miraa has increased due to a number of factors, among them high cost of fertilizers due to markup by private suppliers of fertilizers; further concerned that threat to food security is a threat to national security; recognizing that the Government-to-Government model has been noted to lower cost of products; further recognizing that, there are countries willing to enter into a G2G agreement; appreciating that G2G has been proven to be effective in provision of services that have a direct impact on citizens' livelihood including the cost of living such as the supply of fertilizers, particularly in countries with similar agricultural conditions as Kenya; **this House, therefore resolves that**, the government, through the Ministry of Agriculture and Livestock Development and its agencies adopts-

- (i) the Government-to-Government (G2G) model in the acquisition and supply of fertilizers by identifying potential partner countries that have surplus and quality fertilizers; and
- (ii) a comprehensive programme for Government-to-Government (G2G) acquisition and distribution of fertilizers through, among others, Kenya Farmers Association (KFA), Kenya Tea Development Agency (KTDA), Coffee Board of Kenya, Kenya Planters Cooperative Union (KPCU), Kenya Grain Growers Cooperative Union, Pyrethrum Board of Kenya for increased agricultural productivity.

18*. MOTION: 038/2023 – DEVELOPMENT OF MEASURES TO MITIGATE DIGITAL EXCLUSION

(The Hon. Marianne Kitany, M.P.)

THAT, aware that the Government of Kenya has prioritized digitization and automation of government processes and services as part of the Kenya Digital Master Plan (2022-2030), the blueprint for leveraging and deepening the contribution of information and communications technology (ICT) to accelerate the country's economic growth; further aware that, the Government is committed to consolidating the industrial, academic institutions and other innovators to co-invest in emerging technologies to create high-quality jobs that leverage on artificial intelligence, robotics and other technologies; cognizant of the fact that, the Government intends to increase internet broadband connectivity across the country through construction of 100,000 km of national fiber optic connectivity network; concerned that, as the country rapidly digitizes services and processes, the high costs of data, internet services as well as purchase of internet-enabled digital devices may lead to digital exclusion of a majority of Kenyans; recognizing that, there is need to bridge the existing gap in ICT to ensure inclusivity in access to internet make Kenya a regional ICT hub while keeping pace with shifting technological changes; noting that, the Government's plan for a digital superhighway may not be realized without deliberate interventions to lower data costs; now therefore, this House **resolves** that, the Government, through the Ministry of Information, Communication and the Digital

...../18*(Cont'd)

Economy formulates a policy to:

- (a) regulate internet billing by Internet Service Providers (ISPs) by providing for metered billing of internet use based on consumption in order to mitigate exploitation and secure economic interests of internet users in line with Article 46 of the Constitution; and,
- (b) require Internet Service Providers to develop and deploy quality metered billing systems capable of monitoring customer usage, convert to readable details and creating invoices based on consumption and align their metrics with the value the customers get from various internet services.

19*. MOTION: 039/2023 – FORMULATION OF A REGULATORY FRAMEWORK ON ARTIFICIAL INTELLIGENCE IN THE COUNTRY

(The Hon. Marianne Kitany, M.P.)

THAT, aware that the world is rapidly embracing Artificial Intelligence (AI), which is the use of a digital computer or computer-controlled robots to perform tasks commonly associated with intelligent beings; acknowledging that, the 2022 Government Artificial Intelligence Readiness Index report ranked Kenya fifth in Africa and 90th globally in readiness to adopt Artificial Intelligence (AI); further acknowledging that the Oxford Insights Survey 2022 pegged Kenya's readiness to adopt AI at 40.3%; appreciating that AI has brought forth positive benefits that have increased efficiency in different sectors such as healthcare, manufacturing and robotics; concerned that, the exponential rate at which Artificial Intelligence is being embraced in the society without proper regulatory mechanisms has caused various negative consequences such as rising cases of disinformation and fake news; noting that there is need to protect Kenyans from the potential AI-instigated harms such as privacy breaches, AI-powered fake technology algorithms, algorithmic discrimination, autonomous weapons, job displacement and economic inequality, social manipulation and misinformation, financial market manipulation, and privacy invasion; now therefore, this House **urges** the Government, through the Ministry of Information, Communication and the Digital Economy to:

- (a) formulate a regulatory framework and ethical guidelines for implementation of Artificial Intelligence (AI) in the country to control its potential misuse; and,
- (b) develop and execute a public awareness programme on Artificial Intelligence to raise understanding of AI, foster transparency and promote responsible use of AI for the benefit of all.

20*. MOTION: 040/2023 – ESTABLISHMENT OF A NATIONAL POLICY TO COMBAT DISRESPECTFUL CHILDBIRTH PRACTICES IN KENYA

(The Hon. Gathoni Wamuchomba, M.P.)

THAT, aware that, Article 43(1)(a) of the Constitution provides for the right of every person to access the highest attainable standard of health; further aware that, poor quality of health services especially maternal care has been a recurring

...../20*(Cont'd)

concern among women in the country; noting that, there is increased pre- and post-partum mistreatment and dehumanized care of women by healthcare providers, also known as *obstetric violence (OBV)*; further noting that, obstetric violence includes, but is not limited to, disrespectful and abusive behaviour, physical and verbal abuse, neglect, forced medical procedures, humiliation and assault in healthcare settings; concerned that, sustained class-based disparities shape different maternal and infant health outcomes with women of low socio-economic status experiencing greater levels of obstetric violence; further concerned that, this not only affects women's physical and mental health, but also impacts on the overall health outcomes of mothers and their newborns, significantly contributing to high maternal mortality rates; cognizant of the fact that, there exists no national policy or framework to address and prevent obstetric violence; now therefore, this House **resolves** that, the National Government, through the Ministry of Health, develops a policy on prevention of obstetric violence in healthcare facilities in the country and provides a framework for regular monitoring and reporting of cases to curb incidences of pre- and post-partum mistreatment of women seeking health services.

21*. MOTION: 044/2023 – **FORMULATION OF A LAND USE POLICY ON ZONING OF LAND FOR AGRICULTURE AND BUILT DEVELOPMENT**
(The Hon. Timothy Wanyonyi, M.P.)

THAT aware that land is a critical but limited factor of production that supports human habitation and food production; noting that, agriculture is Kenya's main economic mainstay; appreciating that, that the Central Bank of Kenya (CBK) *Monetary Policy Committee Agriculture Sector Survey 2022* estimated the contribution of the agriculture sector to the country's Gross Domestic Product (GDP) to be 22% directly and 27% indirectly, through its linkages with other sectors; further appreciating that, the Survey showed that the sector employs over 40% of the Kenya's total population; concerned that, in the *Land Reform, Vol. 3* publication, the Kenya Land Alliance Land estimated that only 17% of the country's land mass is classified as suitable for rain-fed agriculture land while the remainder is either semi-arid or arid; further concerned that, the country's agricultural productivity has been decreasing over the years; cognizant of the fact that, the decline in agricultural productivity is partly attributable to the shrinking agricultural land due to unplanned settlements that encroach on agricultural lands; further concerned that, agricultural lands in rural areas are continually being subdivided into small portions for built development, thereby diminishing the size of land available for agriculture; noting that, there is need to put in place measures for effective land use in the country in order to guarantee optimal use of agriculture; now therefore, this House **resolves** that, the Government, through the Ministry of Lands, Public Works, Housing and Urban Development puts in place a policy framework for effective land use in rural areas by consolidating and designating zones for built development for commercial and residential developments with shared public utilities and separate zones for agricultural use in order to arrest further diminishing of agricultural land and steady the country's agricultural productivity.

22*. MOTION: 045/2023 – REVIEW OF THE ELIGIBILITY AGE FOR ENROLMENT OF OLDER MEMBERS OF SOCIETY TO THE INUA JAMII CASH TRANSFER PROGRAMME

(The Hon. Majimbo Kalasinga, M.P.)

THAT, aware that Article 57 of the Constitution provides that the State shall take measures to secure the rights of older persons to live in dignity and to receive reasonable care and assistance from the State; noting that to actualize the provisions of Article 57 of the Constitution, the Government rolled out the *Inua Jamii* Cash Transfer Programme in 2015 to provide regular and predictable cash transfers to older persons aged seventy (70) years and above and who are not in receipt of a civil service pension; appreciating the success that the programme has recorded in alleviating poverty and suffering among older members of the society since its inception; noting that the government intends to progressively net more vulnerable and under-privileged members of the society with a view to reaching 2.5 million beneficiaries in the next three (3) years; concerned that, with respect to eligibility to the programme for older members of society, the guidelines requires them to have attained the age of seventy years; noting that, Article 260 of the Constitution defines an “older member of society” as one who has attained the age of sixty (60) years; concerned that capping the eligibility for enrolment to the *Inua Jamii Programme* at the age of seventy years is discriminatory to the older members of society and negates the spirit of the Constitution entitling support to older members of the society; **now** therefore, this House **urges** the national Government, through the Ministry of Labour and Social Protection, to revise the age requirement for eligibility of elderly members to be enrolled to the *Inua Jamii Programme* from seventy (70) years to sixty (60) years in line with the Constitution.

23*. MOTION: 001/2024 – FORMULATION OF A REWARD SCHEME FOR ACCOMPLISHMENTS BY SPORTS PERSONS IN INTERNATIONAL COMPETITIONS

(The Hon. Charles Ngusya, M.P.)

THAT, aware that, sports play an integral role in promoting cultural heritage, national identity, national development, the well-being of the people and sustenance of livelihoods, particularly of the youth; appreciating that, *Sessional Paper No. 3 of 2005* provides a framework for sports development and operationalization in the country; further appreciating that the *Sector Plan For Sports, Culture and Arts – 2018* by the Ministry of Sports, Culture and Arts mainstreamed sports development in the Third Medium Term Plan (MTP III) for 2018-2022, under Kenya’s Vision 2030; recognizing that, the Vision 2030 aims at capitalizing on the country’s international reputation as a world-class sports powerhouse whose sportsmen and women have won international accolades and recognition, especially for their prowess in athletics; concerned that, despite bringing honour and national pride to the country, most sports men and women face a myriad of challenges such as lack of psychosocial support and social protection, hence pushing many to alarming levels

...../23*(Cont’d)

of mental health challenges during their careers and even after retirement; noting that *Sessional Paper No. 3 of 2005* contemplated motivation of sportspersons by the State through cash and material prizes, conferring State Honours, appointments as goodwill ambassadors and establishing contributory insurance and savings schemes among other forms of motivation; cognizant of the fact that, the prospect of receiving State recognition, financial grants, and other perks inspires sportsmen to push their limits in attaining their full potential as well as fostering a collective sense of pride in sporting achievements; now therefore, this House **urges** that the Government, through the Ministry of Youth Affairs, Sports and Arts, develops a policy and standardized sports reward scheme for recognizing the achievements made by sports persons in internationally recognized competitions, through—

- (i) financial rewards of Kshs. 6 million for setting new world records; Kshs. 4 million for Gold medalists; Kshs. 3 million for Silver medalists and Kshs. 2 million for Bronze medalists;
- (ii) non-financial motivation, including facilitation with issuance of diplomatic passports for established sportsmen and women, appointment as goodwill ambassadors and conferring national honours and privileges; and,
- (iii) establishing medical cover and a post-retirement social protection scheme, including establishing contributory insurance and savings schemes to support sports persons who retire from active sporting due to injuries or age.

24*. MOTION: 002/2024 – EXPANSION OF MAJOR ROADS IN THE COUNTRY TO DUAL CARRIAGEWAYS
(The Hon. Faith Gitau, M.P.)

THAT, aware that the Kenya Roads Act, 2007 provides for the establishment of road authorities responsible for, among other functions, the management and development of roads under their respective purview and for developing and providing adequate transport infrastructure that guarantees safe and efficient movement of people, goods and services across the country and beyond; further aware that the First Schedule of the Kenya Roads Act provides for the classification of national trunk roads into Classes A, B and Class C; recognizing that the Fourth Schedule to the Constitution assigns to the national government the function of the construction and operation of national trunk roads; noting that a significant portion of highways in the national trunk road network are currently single carriageways; concerned that single carriageway roads pose multifaceted challenges including traffic congestion during peak periods which limits movement of people, goods and services across regions and increases vulnerability to road accidents; further concerned that the lack of footbridges and safe pedestrian crossing areas on these high-traffic roads has been a leading contributor to the surge in road accidents in the recent past; cognizant of the duty of the government to provide a reliable transport system for efficient traffic management, economic development and bolstering interconnectivity among all regions in the country and beyond; now therefore, this House **resolves** that the government, through the Ministry of Roads

...../24*(Cont'd)

& Transport, undertakes an expansion programme of national trunk roads with a view of upgrading all classes A, B and C roads in the country from two-way lanes to dual carriageway (one-way roads) with the necessary infrastructure that include footbridges, safe crossing zones at regular intervals, proper drainage systems, and other requisite infrastructure for their optimal operation.

25*. HOJA: 003/2024 –

(No. 62)

(2004)

to a high rate of unemployment among the youth; appreciating that mandatory community service for all students upon completion of secondary school education would equip them with technical and life skills for the marketplace; further noting that the community service training will encourage learners to develop an understanding of civic responsibility to support and strengthen communities; this House therefore **resolves** that the government through the Ministry of Education introduces mandatory community service to all learners upon completion of secondary school education.
